

ELLIPTICAL COATED METAL HALIDE

model	ballast	bulb	lamp base	lamp voltage (V)	current (mA)	initial lumens (lm)	efficiency (lm/W)
HQI-E 400W/C/U/5K	MH400W	ED120	E40	135	3.25	34000	85

average life (hrs)	CCT (K)	CRI	finish	burning position	quantity/ carton (pcs)
15000	5000	70	coated	U	06

- ADVANTAGES
- _ Energy saving solution with better colour appearance and rendering property
 - _ Minimum maintenance cost
 - _ Long lifetime compared to incandescent and halogen lamps
 - _ High colour stability over service life
